### **Request for Information Instructions**

1. Provide a separate narrative response to each and every question and subpart of a question set forth in this Request. Precede each answer with the text and the number of the question and the subpart to which the answer corresponds.
2. If any question cannot be answered in full, answer to the extent possible. If your responses are qualified in any manner, explain.
3. Any documents referenced or relied upon by you to answer any of the questions in the Request must be copied and submitted to EPA and to the Massachusetts Department of Environmental Protection ("MassDEP") with your response. All documents must contain a notation indicating the question and subpart to which they are responding. If the documentation that supports a response to one item duplicates the documentation that supports another item, submit one copy of the documentation and reference the documentation in subsequent responses.
4. If information or documents not known or not available to you as of the date of the submission of the response to this Request should later become known, or available to you, you must supplement your response. Moreover, should you find at any time after the submission of your response that any portion of the submitted information is inaccurate or incomplete, you must notify the EPA and the MassDEP of this finding as soon as possible and provide an amended or corrected response.
